

AWESOME AUSTRALIA WITH RABBI BEREL WEIN JULY 21-AUGUST 7, 2013

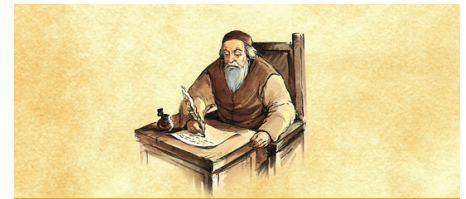

G'day mates – we are going to the land ‘down under’ and you are not going to want to miss this one. Explore the woodlands and wetlands on this luxurious eco-adventure. In true Aussie style, you will experience the wild and civilized sides of this magnificent destination – and you will be in the company of **Rabbi Berel Wein**, scholar, historian, and educator. A mini-course in Jewish history: **Australia – Issues in Halacha, History and Attitude** will be offered on tour, in addition to daily minyanim and a Daf Hayomi each morning.

Be prepared to be pampered and totally spellbound by the magnificent, world-class resorts we have chosen for you. These retreats will provide a soothing and sensory experience. Seamless service is what awaits you at these superior venues.

Get your cameras ready as you set out on the cliffs, in the canyons and through the bush in the Australian outback. Take in the landscape of dramatic escarpments, gorges, lush valleys and ‘roos’ as you trek, explore and view this dramatic World Heritage landscape. Australia has some of the ‘best’ of everything...the best natural scenery, the best wildlife, the best beaches, the best harbor, and the best weather (even in their winter!)

Our tour, led by professional local guides, will combine the ‘best’ with two memorable Shabbosos with the local Jewish communities of **Sydney** and **Melbourne**. In addition to the dramatic and iconic **Red Centre at Uluru**, the pure relaxation amidst the rugged cliffs of **Kangaroo Island**, and the fascinating flora and fauna of the **Great Barrier Reef**, the only element missing here is you....

DESTINY TOURS / 2013

Your kind of travel – For over ten years the **Destiny Foundation** has been creating and delivering a unique and exceptional summer adventure for the discerning kosher traveler. We choose sites that are magnificent to the eye and couple that with an educational component – a mini-history course by world -renowned historian, **Rabbi Berel Wein**. Join us for our 2013 trip to **Australia**. This is one you won't want to miss!

Hiking and Cruising

Wildlife and Nature

Culture and History

JOURNEY ACTIVITIES

Hiking and Cruising

You'll experience the magnificent vistas up close and personal on treks through the bush, the desert and from the highest vantage points. With a natural landscape that is unparalleled, you will view the scenes from the world-renowned harbors – and you will pass wild and stunning beaches, forests and dramatic cliff-top scenery.

Wildlife and Nature

You will journey through the desert landscape both in the early morning and late afternoon and watch as it actually comes alive. A full range of signature activities are available as we view sleepy koalas, wild sea lions, and kangaroos... as well as enjoy cliff walks with expert guides.

Culture and History

You'll get a new perspective on the local Aboriginal people – their mystery and their symbolic art. Our guides will expound on the red stone and its popularity the world over. Our tour combines the iconic sites and stories that make up the uniqueness of the Aussie experience. And, perhaps best of all, Rabbi Wein will weave together the story of Australia and its Jews as only he can.

FLIGHT INFORMATION

Flights : Below please find various flights that will work with our itinerary. The preferable ones are Delta and United and the El Al flight listed, as they all get in and leave around the same time. We will meet at a designated spot and take our first internal flight to Ayers Rock / Uluru.

Trip begins and ends in Sydney

Please be in touch with our office before making any flight arrangements. If you are planning on upgrading using points, you should try to book as soon as possible as there is only limited availability for these business seats. With regard to internal flights, we will book these as a group. That information will follow.
